## About me

I am an experienced graphic designer with a deep passion for brand development, creative solutions, and dynamic visuals. My background includes extensive experience in print preparation and design, and I am now actively expanding my expertise into video, motion graphics, and 3D animation. Inspired by the limitless potential of new technologies, I am eager to bring innovative ideas to life.

**Beginner** | Blender, Fusion 360, Cinema 4D, Figma, Sketch

---

## Hobbies & Interests

---

I've volunteered with various NPOs, organized several Tallinn Craft Beer Weekends, launched different Garage48 start-ups, and helped put together numerous music events. I've also worked on an avocado farm, tended bar, and spent years on the stage of the Estonian National Opera. In my free time, I enjoy experimenting with 3D graphics, traveling, and reading.
